## Narratives

### Areas of Greatest Need:

The State of Nevada selected five counties as having the greatest need. Those were Clark County, Washoe County, Nye County, Douglas County and Lyon County. Within Clark County there are three jurisdictions administering their own programs. Those being the City of Henderson, City of Las Vegas and Clark County. The State has set up each activity in DRGR which shows the greatest need broken down by zip code. The State developed its coding system in the following manner. CL and NLV are Clark County activities, LV are activities in the City of Las Vegas, HE are activities in the City of Henderson, WA are activities in Washoe County, LY are activities in Lyon County, DO are activities in Douglas County, NY are activities in Nye County and NH are the activities Nevada Housing Division is administering.

### Distribution and and Uses of Funds:

The States distribution of funds is as follows:

Administration: \$388,306.86  
Clark County: \$12,476,057.04  
Las Vegas: \$9,718,546.62  
Henderson: \$1,017,500.61  
Washoe County: \$5,553,199.93  
Nye County: \$958,770.19  
Lyon County: \$1,082,673.38  
Douglas County: \$288,521.64  
Nevada Housing Division: \$150,000  
To be Allocated \$34,879.35

The amount and use of funds is listed under each activity. Budgeted funds are less than total budget because entities have not chosen where to allocate their program income.

### Definitions and Descriptions:

Blighted - A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety and public welfare.

Affordable Rents - follow the HOME program standards at 24 CFR 92.252 (a), (c), (e), and (f). Affordable rents for units designated for households with incomes below 50% of AMI will be no more than 30% of 50% of AMI (Low-HOME rents), adjusted for unit size. Such rents may be increased annually after HUD updates fair market rents and median incomes.

Continued affordability - will be in accordance with the HOME program standards at 24 CFR 92.252 (a), (c), (e), and (f) for rental properties and 24CFR 92.254 for homeownership housing.

Housing Rehabilitation Standards - require that all buildings assisted with NSP funds be brought to local code, that required building permits be obtained and that appropriate inspections be performed.

Low-Income Targeting - Individuals and families that have incomes at or below 50% of median income.

### Low Income Targeting:

Each jurisdiction is required to spend at least 25% of its NSP allocation and program income received on families at or below 50% of median income. The jurisdictions have surpassed the 25% of funds committed to activities that will house families at or below 50% of median income. Each activity above describes the income of the families they will be serving.

### Acquisition and Relocation:

Jurisdictions have a policy not to purchase homes that have tenants. If by chance one was purchased with a tenant, all Uniform Relocation Act regulations will be adhered to and the tenants would be protected.

### Public Comment:

The State published a Notice for Public Comments on the Plan in all major newspapers in the State along with the smaller local newspapers of the Counties that the NSP program would be administered. The State also published all public notices on Nevada Housing Division's website. No Public Comments were received.

**Location Description:**

Eligible census tracts outlined within the Clark County NSP plan and identified in the "Areas of Greatest Need". NSP Target Neighborhoods 89103 89110 (County Portion) 89115 89102 (CT 22.05 only) 89119 89104 (CT 15.00, 16.09, 16.10, 16.11 only)

**Activity Description:**

The purpose of the program is to acquire and rehabilitate foreclosed and abandoned homes in heavily impacted neighborhoods and resell them to program-eligible owner-occupants. Using NSP funds (and other lines of credit as available) non-profit organizations selected by the County through a competitive RFP/Q process would purchase foreclosed or abandoned homes and rehabilitate them to County housing standards. Homes may be purchased individually or through a bank sale. Upon completion of rehab, homes would be marketed to eligible buyers either for sale or transferred to rental program activity.

**Activity Description:**

The purpose of this program is to purchase and rehabilitate foreclosed or abandoned rental housing to primarily benefit households at or below 50% of area median income. The County would use NSP funds to assist the Southern Nevada Regional Housing Authority (SNRHA) to strategically purchase and rehabilitate foreclosed or abandoned rental properties in eligible target communities to add to its existing portfolio of scattered site rental housing. The County also plans on assisting non-profit partners selected through an RFP or RFQ process with acquisition and rehabilitation of permanent rental housing. The County assistance would be in the form of a grant and/or subordinated mortgage. The County would, whenever practical, leverage these investments with other sources of financing. This would be the County's primary NSP program for benefiting households at or below 50% of area median income. Agreements and deed restrictions would be recorded to ensure long-term affordability (minimum per HOME Program requirements). The purchase of these units will be strategically undertaken in cooperation with the County throughout the eligible census tracts to effectively support other NSP activities and to promote neighborhood stabilization. Subject to approval by the SNRHA's Board of Directors, the SNRHA is expected to be the County's primary partner for this activity. SNRHA and other selected nonprofits will own, operate, and manage these NSP properties. The tenure of the beneficiaries will be rental and individual leases must be for at least one year. As currently interpreted, NSP considers rental revenue in excess of the cost of operating and maintaining the unit to be program income and must be returned to the County. All properties acquired under this activity must meet the required purchase discount of 1% less than current market appraised value. As program income is received from other NSP activities, neighborhood stabilization through rental activity may be expanded as funds permit.

**Location Description:**  
 Parcel # 16225103002 located between Tropicana Avenue and Reno Avenue on McLeod Drive

**Activity Description:**

This activity will provide for the redevelopment of a vacant parcel. St. Jude's Ranch proposes to construct St. Jude's Crossings, a 16-unit multifamily rental housing development for at-risk youth aged 18-25, including 1 resident manager unit. Along with the new, quality affordable housing, supportive services will be provided to help these young adults with job training, education and life skills so that they can become stable, self-sufficient members of the community.

The 1-acre proposed site is located on McLeod Drive between Tropicana Avenue and Reno Avenue in the unincorporated County. This location is central, near UNLV and provides access to major transit corridors so that these young adults will have transportation to work and/or school. The development will also provide 1,500 square feet of community space that will include a large social and meeting room with a full kitchen, a computer room, an office, and a conference room. The structure is anticipated to include approximately 10,000 square feet, with each residential unit measuring 500 square feet. Building Hope Nevada (BHN), a local non-profit, will act as the design-development partner for this project.

St. Jude's Ranch is awaiting notification from HUD as to whether they have received an \$800,000 Continuum of Care Supportive Housing Program (SHP) grant to help cover the costs of construction. SHP will also provide two years of funding for rental assistance and supportive services. Total project costs are estimated at \$2.7 million with approximately \$1.9 million coming from state and federal Neighborhood Stabilization Program funds.

St Jude's Ranch also received an allocation \$800,000 Continuum of Care Supportive Housing Program (SHP) grant to help cover the costs of construction. SHP will also provide two years of funding for rental assistance and supportive services. Total project costs are estimated at \$2.7 million with approximately \$1,954,439 coming from state and federal Neighborhood Stabilization Program funds.

Any properties redeveloped as residential housing with NSP funds will meet the continued affordability requirements established by the County for the NSP Program. The minimum requirements will be in accordance with the HOME Program standards at 24 CFR 92.254 for homeownership housing or, for rental housing, in accordance with the HOME Program standards at 24 CFR 92.252 (a), (c), (e) and (f).

In addition to fifteen low-income units there will be one manager unit.

**Activity Description:**

Through consultation with NSP Technical Assistance advisors, the City of North Las Vegas was advised that the Acquisition Rehab Rental activity would not produce the income necessary to be successful. The scattered sites with market rental rates commensurate to households at or below 50% AMI did not produce a reasonable net operating income in order for the activity to be feasible as a rental portfolio. In order to ensure that the homes remain a beneficial program to the community, it was decided that the rental activity be converted to a resale activity. An analysis of the portfolio indicated that some properties initially intended to be sold to 120% AMI would be instead sold to household at or below 50% AMI and vice versa. This ensures that the City of North Las Vegas will still meet their 25% set aside requirement. Therefore, there were houses acquired that have been swapped between the LH25 Resale and LMMI Resale activities in order for the purchase prices to be affordable for expected beneficiaries. This conversion to resale was approved by the City of North Las Vegas City Council in January of 2012 and publicly noticed in the Las Vegas Review Journal on March 1, 2012.

The purpose of the program is to acquire and rehabilitate foreclosed and abandoned homes in heavily impacted neighborhoods and resell them to program-eligible owner-occupants. Using NSP funds (and other lines of credit as available) the City will purchase the abandoned and/or foreclosed homes and then convey these properties to non-profit organizations selected by the City through a competitive RFP/RFQ process to rehabilitate them to City housing standards. The four nonprofit Developers working with the City for the implementation of this activity are Community Development Programs Center of Nevada, Housing for Nevada, Nevada HAND and Mission Housing. Upon completion of rehabilitation, homes would be marketed to eligible buyers. This activity will provide affordable homeownership opportunities for households earning less than 120% AMI.

Funds reallocated to the North Las Vegas Desert Mesa Redevelopment Project 12/09. Program income from the Acquisition

Rehab Resale program will be used to fund the Homebuyer Assistance Program.

The City of North Las Vegas' NSP Home Buyer Assistance Program will address neighborhood stabilization in zip codes 89031, 89032, and 89081. This program will be operated through designated participating non-profits and will provide up to \$25,000 for a variety of financial mechanisms to include but not be limited to: down payment financial assistance, soft-second, loan-loss reserves, interest rate reduction, to eligible 120% AMI or below households to assist them in becoming homeowners. Financial assistance to the homebuyer will be in the form of a zero interest, deferred payment loan, secured by a deed of trust. The minimum amount of any loan will be \$1,000 and the maximum amount will not exceed \$25,000. NSP funds will be recaptured upon sale, transfer or change of ownership of the assisted property. Refinancing of the NSP-assisted property is permissible only to refinance the existing mortgage to a lower interest rate thereby reducing the monthly payment on the first mortgage by a minimum of \$100. The homebuyer will be required to: Have a total gross income at or below the 120% of the area's median income, adjusted for family size. Ascertain the necessary 1% discount below current market value on the selected foreclosed home in North Las Vegas. Occupy the home as a principal residence. Qualify for a first mortgage through a pre-approved lender. Complete a City approved, eight hour homebuyer training program. Accept specific deed restrictions, including repayment of the loan upon sale, transfer of title, refinancing of the first mortgage, or leasing of the property.

This activity will address neighborhood stabilization in census tract 3602, within two neighborhoods in the North Valley Community. The City of North Las Vegas will purchase three vacant lots with current CDBG dollars and then convey the properties to a local non-profit to redevelop for single-family housing. The City's use of NSP funds will be for remediation of the problematic soils, thereby allowing construction of the homes, and NSP funds will also be used for the construction of the foundation slabs. The tenure of the beneficiaries will be homeownership and the properties will remain affordable in perpetuity for those individuals below 50% AMI through deed restrictions.

**Activity Description:**

The Homebuyer Assistance First Look Program (HAP2) will make city purchased abandoned or foreclosed homes available for direct sale to low-, moderate-, and middle-income persons to reverse the trend towards disinvestment and deterioration of properties and property values within targeted neighborhoods. The City will rehabilitate the homes and then sell them to eligible households. Eligible households will receive up to \$50,000 for mortgage buy downs and/or down payment assistance and/or closing costs. It is anticipated that, on average, each household will require \$30,000 in assistance.

Income qualified households will attain homeownership through fixed rate mortgages at an affordable monthly payment. The household must invest a minimum of \$1,500 of personal funds or the equivalent of 3.5% of the home sales price with FHA financing rules if the home purchased is to be financed through FHA. This program will serve households up to 120% of AMI and is not designed to serve households with incomes below 50% AMI.

These houses will then be owned & operated by the nonprofit and rented to households whose incomes do not exceed 50 percent of the Area Median income (AMI) thereby stabilizing the neighborhood. Not less than 25% of the NSP funding available to the City will be allocated to this activity. The community based nonprofit will be selected as a result of an RFQ or RFP process. Homes acquired must be located within the areas of greatest need as identified in Section A of Henderson's Amendment. This activity will, thereby stabilize a neighborhood in one of the areas of greatest need identified in Section A of Henderson's Amendment. The nonprofit will maintain the home as a rental unit restricting tenants to households that have incomes which do not exceed 50% of area median income (AMI). It is intended that this will be the primary NSP activity benefiting households below 50% of AMI.

Responsible Organization	Organization Type	Proposed
CITY OF RENO2	Local Government	\$ 3,199,941.22

**Location Description:**

This program will target three neighborhoods within the Reno MSA. These areas are: i) Stead, between Interstate 395 and Lear Boulevard extending from Stead Boulevard east for 5,000 feet ii) Sun Valley in unincorporated Washoe County iii) Sparks' urban core bounded by Sparks Boulevard to the East, Queens Way to the North, and the City of Sparks boundaries on the West and South

**Activity Description:**

Through this program the Consortium will acquire and rehabilitate abandoned or foreclosed homes for resale to qualified households. The neighborhoods identified above are areas significantly impacted by the incidence of foreclosure at 15 to 40 percent of the homes in these areas currently owned by banks. In addition, the continued foreclosure risk of these areas is rated high by HUD (7-9). Properties to be acquired will be those already identified by jurisdiction staff as foreclosed and vacant within the determined area of need. Home values in these neighborhoods typically range from \$110,000 to \$215,000. It is anticipated that rehabilitation required in these homes will range from nothing to \$75,000 to be in compliance with local building codes. This program is not intended to assist households at or below 50 percent of AMI as sustainable homeownership is difficult to achieve due to limited income available for housing costs and typical housing prices. Approximately six homes in this activity will be leased with options to buy.

**Activity Description:**

Through this program the Consortium will acquire and rehabilitate abandoned or foreclosed homes for rent to qualified households. The neighborhoods identified above are areas significantly impacted by the incidence of foreclosure estimated at 15 to 40 percent of the homes in these areas currently owned by banks. In addition, the continued foreclosure risk of these areas is rated high by HUD (7-9). Properties to be acquired will be those already identified by jurisdiction staff as foreclosed and vacant within the determined area of need. Home values in these neighborhoods typically range from \$110,000 to \$215,000, making them affordable to the target populations. It is anticipated that rehabilitation required in these homes will range from nothing to \$75,000 to be in compliance with local building codes. This program targets assistance to those households at or below 50 percent of AMI by adding to the inventory of affordable housing that will be available for this population.

**Activity Description:**

This program will assist qualified households (those with incomes between 60 and 120% of AMI and able to secure a standard mortgage) to purchase homes currently owned by banks as the result of foreclosure through the provision of soft second loans. The neighborhoods identified above are areas significantly impacted by the incidence of foreclosure estimated at 15 to 45 percent of the homes in these areas currently owned by banks. Properties to be acquired will be those already identified by jurisdiction staff as foreclosed and vacant within the determined areas of need. Home values in these neighborhoods typically range from \$110,000 to \$215,000.
